January, 2021

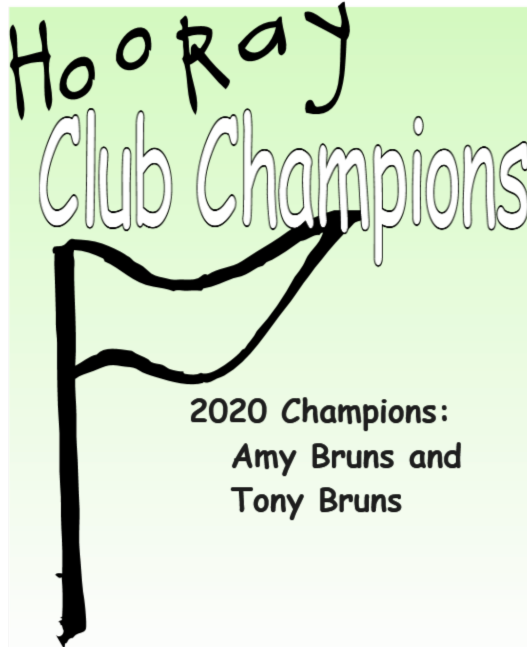

We hope this finds you safe and healthy. We know far too many people who have suffered losses this past year, of loved ones or of financial stability. Those of us who made it through with minor bumps and scrapes have so much to be thankful for. And we are so very thankful for you, our loyal customers and friends, and for your support of this business.

So many events were cancelled last year, including Nathan's wedding to Cassidy in October, because family members were unable to travel. They did marry quietly on Thanksgiving, and will have their celebration on the course in August. Alan has been building a super-cool log pavilion for their service. If you drive by, you can see the work in progress.

One of our bright spots this past year has been Semka, the black Lab we've been raising for Leader Dogs for the Blind. His stay with us has been prolonged into April before we return him for advanced training as a Leader Dog. If he makes it all the way through the program, he will change the life of the blind person he partners with. He has already changed ours.

We send you love and blessings.

Alan and Amy
